

KINGDOM BUILT TECH

BOLD. SMART. KREATIVE.

WHO WE ARE:

Kingdom Built Technologies is a minority owned small business with a distinguished history of service and expertise in the Aerospace and Defense industry. With over 40+ years of combined experience serving the DoD, we have consistently delivered innovation, reliability, and excellence in AI/ML Operations solutions, Generative AI integration, and Custom-Tailored Mission Applications. We proactively engage in providing technical and project management solutions, aiming to transition your system from chronic legacy postures to modernized systems. Our team excels at delivering user-approved solutions that are not only secure and easily accredited but at the **speed of relevance**. Our team's recent work includes building a data management platform for Air Force's Test & Evaluation community.

INDUSTRY PROWESS:

AI/ML Ops

- Intelligence Optimization
- Predictive Analytics
- Generative AI

Professional Services

- Technical Project/Program Management
- Contract Management

Software Development

- Custom-Tailored Applications
- Secure, Scalable, Mission-centric

KINGDOM ADVANTAGES:
